The readers of this paper will be pleased to
learn that there is at least one dread disease that
science has been able to cure in all its stages, and
that is Catarrh. Hall's Catarrh Cure is the only
positive cure now known to the medical fraternity.
Catarrh being a constitutional disease, requires a
constitutional treatment. Hall's Catarrh Cure is
taken internally, acting directly upon the blood
and mucous surfaces of the system, thereby de-
stroying the foundation of the disease, and giving
the patient strength by building up the constitu-
tion and assisting nature in doing its work. The
proprietors have so much faith in its curative
powers that they offer One Hundred Dollars for
any case that it fails to cure. Send for list of tes-
timonials.

TOBACCO SITUATION

**New Officers Elected Today—To-
morrow the Big Tobacco Sale
Begins**

The annual election of the Burley Tobacco
Society has been set forward one day from
the date originally decided upon, and will be
held today instead of Thursday. This decision
was made at a meeting of the District Board
held Tuesday morning at Lexington.

The following officers of the Society will be
elected today: President, Vice-President, Sec-
retary and Assistant Secretary.

The date for the closing of the 1910 pool
will also be selected at this meeting.

The sale of the 1909 holdings of the So-
ciety begins Thursday morning, when the to-
bacco will be auctioned off, and the majority
of the members of the District Board will re-
main in Lexington to attend the sale.

MAKES WORK EASIER.

Maysville People Are Pleased to Learn How It is Done.

It's pretty hard to attend to duties With a constantly aching back; With annoying urinary disorders.

Doan's Kidney Pills make work easier.

They cure backache.

They cure every kidney ill.

Frederick Dressel, 1238 East Second street, Maysville, Ky., says:

"I consider Doan's Kidney Pills to be a most excellent remedy for kidney trouble and am only too glad to speak in their favor. About five years ago I was bothered by weak kidneys and the secretions from these organs were scanty and attended with pain during passage. Sharp twinges across the small of my back were common and at times greatly interfered with my work. On telling a friend of my condition, he advised me to use Doan's Kidney Pills and I procured a box at J. J. Wood & Son's Drugstore. I used them according to directions and they afforded me prompt relief."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Stop Women And Consider

This Fact—that in addressing Mrs. Pinkham you are confiding your private ills to a woman—a woman whose experience with women's diseases covers twenty-five years.

The present Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, was for years under her direction, and has ever since her decease continued to advise women.

Many women suffer in silence and drift along from bad to worse, knowing well that they ought to have immediate assistance, but a natural modesty causes them to shrink from exposing themselves to the questions and probable examinations of even their family physician. Such questioning and examination is unnecessary. Without cost you can consult a woman whose knowledge from actual experience is great.

MRS. PINKHAM'S STANDING INVITATION:

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham at Lynn, Mass. All letters are received, opened, read and answered by women. A woman can freely talk of her private illness to a woman; thus has been established this confidence between Mrs. Pinkham and the women of America which has never been broken. Never has she published a testimonial or used a letter without the written consent of the writer, and never has the company allowed these confidential letters to get out of their possession, as the hundreds of thousands of them in their files will attest.

Out of the vast volume of experience which Mrs. Pinkham has to draw from, it is more than possible that she has gained the very knowledge needed in your case. She asks nothing in return except your good will, and her advice has helped thousands. Surely any woman, rich or poor, should be glad to take advantage of this generous offer of assistance. Address Mrs. Pinkham, care of Lydia E. Pinkham Medicine Co., Lynn, Mass.

LECTURE COURSE

Eight Numbers Booked for High School This Season

The High School Lecture Committee is pleased to announce that all arrangements and dates have been made for the coming season of entertainments and lectures. The hearty support of last year's course has encouraged the committee to buy a course for this year costing \$300 more than last year, consisting of eight numbers, each of which is strong in its special line.

The course will open October 28th with the Wilbur Starr Quartette Company, a male quartette, with Mr. Starr as reader and impersonator, and Mrs. Starr pianist and cellist. The next number is the famous Roney Boys Concert Company on November 23d. This will be followed by Bishop Frank Bristol of the Methodist Church in his lecture on "Brains," November 29th. The next number is that Prince of orators, George R. Wendling, on December 12th, followed by Schliensky's Budapest Hungarian Orchestra, assisted by the soprano, Madam Laura de Rudnyansky, known as the "Hungarian Nightingale," January 4th.

Wickersham, who has filled more return engagements in a limited time than any other lecturer upon the American platform, will be here January 16th. Margaret Stahl, one of the very best readers and interpreters of literature, will appear February 17th. The course will close April 14th with Ralph Parlette, the humorist.

Get ready to help boom the course and make it even a greater success than last year.

If an extra game is necessary it will be decided by a toss of the coin.

It is Not so Much a Matter of Money As it is

A Matter of Judgment!

When you start out to buy a Suit of clothes, Overcoat, Hat or pair of Shoes. Don't you think your judgment should lead your footsteps to the store that shows more varied and better styles than any other clothing and shoe house in Northeast Kentucky?

The store that shows the exclusive makes of the best custom clothing manufacturers in the world; that shows the exclusive lines of the four best shoe manufacturers in the country; that shows John B. Stetson Hats in all styles this world renowned hat factory makes and that shows the almost complete line of the celebrated Wilson Brothers' Furnishing Goods.

As we said above, it is a matter of judgment and not so much the matter of money.

OUR PRICES FOR OUR FALL STOCK WILL BE

Gas Light Talks—No. 21.

We'll Keep On Talking.

By this time, you all are aware that, on Monday night, the Council reversed itself and rescinded the ordinance, adopted at its previous meeting, providing for a \$50,000 bond-issue for the purpose of establishing a municipal gas and electric plant.

This action was taken for the ostensible reason that this company had shown a disposition to "do the right thing by the city."

There is a "string" to this latest ordinance, however.

It is that, if this company does not fulfill its promise made to you, to bring in natural gas next Spring, the former ordinance, providing for the bond-issue, will be revived and submitted to a vote of the people at the 1911 election.

We are a little inclined to resent this imputation that we are not acting in good faith.

Never, in its entire existence, has this company failed to fulfill its promises to the public.

And it is fair to assume that we are not going to adopt a different policy at this late day.

Now, we have a good deal to say to the people of Maysville. We already have said a good deal, so we shall keep right on talking—

Regardless of the Council's action.

Moreover, as we have had occasion to say before, we shall be perfectly frank in our remarks.

We ask you, therefore, to continue to read these Talks with the same interest that you have shown in those which have already been published.

In Number 17, of these Talks, we made the statement that there was an underlying motive for this bond-issue proposition, which did not appear on the surface.

We shall submit to you our ideas on that subject as soon as may be.

The whole thing was a political move, pure and simple, and, in addition, there was a personal element to the situation, which should not enter into a question of this kind.

Now, we do not intend to become involved in a political or personal controversy, but, as we stated above, we have a good deal to say—

And we intend to say it.

Maysville Gas Company

Horace J. Cochran, President.
